MEMORANDUM NO. 502

25X1A9a

MEMORANDUM FOR: [REDACTED]

SUBJECT: Transmittal of Maps
25X1A6c

REFERENCES:

(a) [REDACTED]

(b) [REDACTED]

1. In response to reference (a), I am enclosing two copies of each of the following maps:

Map No. 37856 - USSR: Nuclear Weapon Research
Oil Pipelines

Map No. 37338 - Western USSR: Trunk Oil Pipelines

Map No. 37890 - USSR: Electrification and
Dieselization of Railroads

In response to reference (b), I am enclosing the requested four copies of Map No. 37548 - Borders of Mongolia.

2. All of the above ^{25X1X7} listed maps are Agency produced and are releasable for passing to [REDACTED]. However, I should mention that the monthly Map Acquisitions Lists are restricted NO FOREIGN DISSEM, and the Agency produced maps described as "available as gifts" are intended for distribution to USIB member agencies rather than to foreign nationals. The particular Agency maps requested in the references, however, posed no problem, as they are releasable.

3. The maps produced by other USIB agencies which were requested in paragraph 4 of reference (a) ^{25X1A9a} present a problem. We cannot authorize their release to the [redacted] and would have to go back to the originating agency in each case. We strongly suspect that while many of the items might be releasable, the originating component would prefer to do its own passing and thereby make its own points for liaison.
